

Information and Library Network Centre
(An Inter-University Centre of University Grants Commission)
Infocity, Gandhinagar-382007

**Advanced Training Programme on Configuration and Management of Digital
Library using DSpace**

(19th to 21st January, 2015)

About INFLIBNET

Information and Library Network (INFLIBNET) is an autonomous Inter-University Centre of the University Grants Commission (UGC). The objectives of the Centre are to modernize libraries and information centres for information transfer and access, to support scholarship, learning and academic pursuit by establishing a national network of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. Creation of national union database (IndCat), development of an integrated library management software (SOUL 2.0), human resource development, on-site training, providing bibliographic information services, extending technical help and guidance from time to time to academic libraries in automation and networking are some of the major activities of the Centre. The Centre provides access to e-resources to universities under the UGC-Infonet Digital Library Consortium. The Centre also provides access to 6500+ e-journals and 97,000+ e-books to the colleges in India through programme titled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)".

Aims and Objectives of Workshop

DSpace (Open-source Software) is a well-known software for creation of Institutional Repository and Digital Library. There are number of workshops being conducted on DSpace but most of them cover only basic of DSpace and its Installation.
