1. About INFLIBNET Centre

The Information and Library Network (INFLIBNET) is an autonomous Inter-University Centre of the University Grants Commission (UGC). The objectives of the Centre are to modernize libraries and information centres for information transfer and access, to support scholarship, learning and academic pursuit by establishing a national network of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. Creation of national union database (IndCat), National Repository of Indian Theses and Dissertations (Shodhganga) and Synopses/ Research in progress details (Shodhgangotri), development of an integrated library management software (SOUL 2.0), human resource development, on-site training, providing bibliographic information services, extending technical help and guidance from time to time to academic libraries in automation and networking are some of the major activities of the Centre. e-ShodhSindhu is providing access to more than 15000 full text journals to 356 institutions. N-LIST is a college component of e-ShodhSindhu providing access to 6000+ e-journals & 30 lacks e-books to govt. added and non-added colleges.

2. Human Resource Development (HRD)

Imparting training to manpower working in the university and college libraries in the use of IT is an important objective of the Centre and has been given due priority. As on 31st December, 2016, 679 training programmes, workshops and seminars focusing on the library automation and networking have so far been conducted benefitting 53642 participants. INFLIBNET Regional Training Programme for Library Automation (IRTPLA) and User Awareness Training Programme were conducted across the country in collaboration with the universities. National and International Conventions called PLANNER in North-Eastern Regions and International CALIBER in various states of India is being organized in alternate year as part of the human resource development activities. The Centre has also conducted 129 Training Programmes on SOUL Installation and Operations for Libraries.

1. National Workshop on KOHA: Installation and Operations

Duration	No. Batch	Date	Total Intake	Last Date for Registration	Technical Coordinator
Three Days	One	23-25 January, 2017	25-30	19 Jan., 2017	Mr. Yatrik Patel , Scientist-D(CS) yatrik@inflibnet.ac.in Mr. H G Hosamani , Scientist-C (LS) hosamani@inflibnet.ac.in Mr. Divyakant V , Scientist-B (CS) divyakant@inflibnet.ac.in
Five Days	One	13-17 November, 2017		6 Nov., 2017	

Major Topics

- ❖ Installation of KOHA latest version in Linux
- ❖ Configuration of KOHA
- ❖ Different Modules of KOHA
 - o Administration
 - o Acquisition
 - o Authority Management
 - o Cataloguing
 - o Circulation
 - o Serials
- ❖ Operations of KOHA

3. National Workshop on Open Journal Systems(OJS) for e-Publishing

Duration	No. Batch	Date	Total Intake	Last Date for Registration	Technical Coordinator
Two Days	One	27-28 Feb., 2017	25-30	20 Feb., 2017	Mr. Gaurav Prakash , Scientist-B(CS) gaurav@inflibnet.ac.in

Major Topics

- ❖ Pre-requisites Installation for OJS;
- ❖ Installation & Configuration of OJS;
- ❖ Creation of new Journal;
- ❖ Registration & Creation of User in OJS and Role Assignment;
- ❖ Article Submission, Reviewing and Editing;
- ❖ Creating Issues and Publishing the Articles Online; and
- ❖ Journal Subscription, IP Authentication and Access Rights.

4. National Workshop on Research Methodology and Academic Writing

Duration	No. Batch	Date	Total Intake	Last Date for Registration	Technical Coordinator
Two Days	One	9-10 March, 2017	25-30	2 March, 2017	Mr. Manoj Kumar K , Scientist-D(CS) manoj@inflibnet.ac.in

Major Topics

- ❖ How to find a good topic for research and search databases for conducting comprehensive literature search;
- ❖ Basic concepts and foundations of research methodology and academic writing which shall include identification of research problem, objectives and conceptual framework;
- ❖ Approaching a research problem and planning research: Drafting research proposal based on a comprehensive literature search;
- ❖ Performance indicators of published research;
- ❖ Using style manuals and reference management software – “hands-on” sessions;
- ❖ Data sampling methods, data collection method and data analysis method and methods of conducting qualitative and quantitative data analysis using software like SPSS with “hands-on”; and
- ❖ Reporting research: Writing methods used, data collection, procedure, synthesis & summaries, critiques, peer review etc. and findings / results, writing discussions and conclusions, etc.

5. National Workshop on Ethical Issues & Use of Anti-Plagiarism for Research Integrity

Duration	No. Batch	Date	Total Intake	Last Date for Registration	Technical Coordinator
Two Days	One	6-7 April, 2017	25-30	31 March, 2017	Mr. Manoj Kumar K , Scientist-D(CS) manoj@inflibnet.ac.in

Major Topics

- ❖ What is research ethics and general principle, policy and procedure of research ethics;
- ❖ Recognizing and approaching ethical problems;
- ❖ This workshop will articulate academic research integrity matters and is intended to inform the responsible conduct of ethical research issues using antiplagiarism checking and other reference tools and citation styles. Research integrity covers matters such as: the appropriate expertise given by those who conduct research; the training of new researchers (including research students); adherence to ethical standards; the appropriate

and response to conflicts of interest; the responsible management of research data; the dissemination of the results of research; authorship; peer review; collaborations between institutions; and the response to concerns or complaints relating to research misconduct; Business, professional ethics integrity and conflicts of interest as a research integrity consideration;

- ❖ Maintaining the highest standards of research integrity and embedding a culture of research by using different research management tools such as EndNote Web, Mendeley, Zotero etc;
- ❖ Drafting the policy for anti-plagiarism for institutions and general exclusion criteria for dealing with allegations of research misconduct in perception of anti-plagiarism; and
- ❖ Major consequences of an ethical research.

Duration	No. Batch	Date	Total Intake	Last Date for Registration	Technical Coordinator
Five Days	One	24-28 April, 2017	25-30	17 April, 2017	Mr. Yatrik Patel , Scientist-D(CS) yatrik@inflibnet.ac.in Mr. Swapnil Patel , Scientist-B(CS) swapnil@inflibnet.ac.in

Major Topics

- ❖ Digitization and Digital Preservation;
- ❖ Working with Linux : Basic Commands;
- ❖ Institutional Repositories and Digital Libraries;
- ❖ Metadata Standards for Digital Collection;
- ❖ Digital Collection Building using DSpace: Installation & Configuration;
- ❖ Digital Collection Building using DSpace: Administration & Customization;
- ❖ Digital Collection Building using DSpace: Workflow & Submissions;
- ❖ IPR and Security Aspects of IR;
- ❖ Web 2.0 and Social Networking;
- ❖ Library Automation and Latest Trends in ICT; and
- ❖ Access to e-resources subscribed under different Consortium.
